Message from the Chairman

The words “**thank you**” and “**generosity**” are the first ones that come to mind when summarizing the past fiscal year of the Fondation Hôpital de l'Enfant-Jésus.

THANK YOU to all our volunteers, to our partners from the business sector, to organizations and associations, and to hospital staff members.

THANK YOU to the members of our Board of Directors for their determination in implementing our strategic plan. Your commitment has allowed us to unveil a new image for the Foundation, with a logo better conveying the Foundation's dynamic approach and a website making us more accessible to the entire community.

People's **GENEROSITY** has allowed the Foundation to provide over \$120,000 over the past year to ensure the population receives improved health care services.

In addition, your **GENEROSITY** has also made it possible to support some staff members' professional development through our bursary fund.

The Foundation is clearly a key partner in maintaining and developing better health care at our hospital, and our success is a direct result of our dynamic team and committed community. **Thank you** to everyone who believes in our hospital.

THANK YOU to everyone who has in any way helped make the Foundation a success and make our community a better place to live through health services tailored to our collective and individual needs.

Donat Bertin
Chairman of the Board of Directors
