

Message from the Chair

The Foundation would not be what it is today and would not have achieved over 25 years of progress without the support of its donors. It would not be where it is today without taking its community's priorities to heart. A cause does arise in a vacuum and is certainly not built by a single person. It reflects a common desire, deep convictions, and the sharing of a social priority.

If the Foundation exists, it is because the community has come together not only to make health a priority but also to acquire the tools needed to access cutting-edge care. If the Foundation's supporters have a warm place in their hearts for the organization, the opposite is equally true. Our supporters are the bedrock underlying the Foundation's existence and cause. Without them, all the following philanthropic achievements would not have come to fruition:

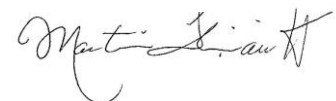

- \$72,092 - Patient care sectors (57%);
- \$32,058 - Diagnostic, treatment, and follow-up sectors (25%);
- \$ 6,688 - Professional development and other sectors (5%);
- \$15,524 - Specialized regional services and the fight against cancer (12%).

Whether donations are made by companies or individuals, are earmarked for a specific purpose, or are simply intended to do good work, the men and women behind them have others' wellness at heart and have cultivated values of generosity and helping. Thank you for your generosity!

Various activities also promote our Foundation. Whether it is the Roses Radiothon, the Northern Star Campaign, or our annual supper, these activities contribute greatly to funding the care and services that our hospital provides. Thank you for your commitment!

On behalf of our staff, patients, and their families, please accept our sincere thanks!
