

Annual Campaign

Northern Star

Benefit Supper – 6th Annual

Roses Radiothon

Message from the Chair

Over the past year, we celebrated our 30th anniversary and took this opportunity to recall the major accomplishments that your great generosity has made possible. In short, over \$2 million has been invested in a number of areas of the hospital to improve the health care services offered to the public.

We also continued working on the implementation of our strategic plan. A number of initiatives moved forward, including discussions to renew our agreement with Catholic Health International. An ad hoc committee was established to review our by-laws. And we also worked with Vitalité Health Network to confirm a major unifying project for our region. This project, which will be very important to everyone living on the Acadian Peninsula, will be unveiled in the fall of 2018.

We must always remember that the keys to our success are the dedication of our volunteers and the great generosity of our community. Last year, the Campaign Committee once again reached and even exceeded our \$90,000 financial objective thanks to many companies, organizations and individuals and to various fundraising activities such as the Northern Star Campaign, the Benefit Supper featuring guest artists and the Roses Radiothon.

On behalf of the Board of Directors of the Fondation Hôpital de l'Enfant-Jésus, the staff of our hospital, and our patients and their families, many thanks!

Normand Mourant
Chair of the Board of Directors
